RESPONSE TO THE NEVADA SITE SPECIFIC ADVISORY BOARD (NSSAB) FY 2015 --
FY 2016 MEMBERSHIP RECOMMENDATION

As part of the NSSAB membership process, the Department of Energy's (DOE), Nevada Field Office (NFO) has reviewed all applications received and interviewed applicants, in conjunction with the NSSAB Membership Committee. When determining the slate of candidates to recommend to DOE Headquarters, the NFO gave heavy consideration to the NSSAB's May 21st recommendation which prioritized candidates for membership. We understand that the Board's recommendation was for Priority One candidates be given the highest priority and Priorities Two and Three candidates be selected to ensure maximum Board balance and diversity. We appreciate the Board's participation in the process and viewed your recommendation as a vital component when preparing the membership package.

The NFO has submitted to the DOE Headquarters twelve individuals for membership appointment consideration. Currently, Headquarters has initiated its review of the membership package. Final selection of new members by Headquarters will be made during the next several months with appointments effective October 1, 2014.
