**REQUEST FOR NYE COUNTY REPRESENTATION ON UPCOMING CORRECTIVE ACTION UNIT 97: YUCCA FLAT, EXTERNAL PEER REVIEW**

This letter is in response to recommendations made by the Nevada Site Specific Advisory Board (NSSAB) during the presentation of their fiscal year 2014 work plan items for the Underground Test Area (UGTA) Activity. The NSSAB recommended a technical representative be invited as a panel member to the upcoming Yucca Flat External Peer Review (YF EPR) of the Groundwater Flow and Contaminant Transport model.

The NNSA/NFO invites and welcomes a technical representative from Nye County for this important YF EPR. In preparation, Navarro-Intera, LLC has developed a sub-contract with Nye County to provide the resources needed to complete this work scope. The YF EPR begins on Monday, April 7, 2014. Additional information, including an agenda, will be provided to Nye County and/or their representative once it has been finalized. Thank you very much for your consideration in this request.
