SUBJECT: Recommendation for Corrective Action Alternatives for Corrective Action Unit (CAU) 568, Area 3 Plutonium Dispersion Sites (Work Plan Item #2)

Dear Mr. Boehlecke,

The Nevada Site Specific Advisory Board (NSSAB) was asked to provide a recommendation, from a community perspective, to the U.S. Department of Energy on which corrective action alternative should be presented to the State of Nevada Division of Environmental Protection for CAU 568, Area 3 Plutonium Dispersion Sites. The NSSAB considered Corrective Action Alternatives of clean closure or closure in place with use restrictions as identified in the Federal Facility Agreement and Consent Order.

The NSSAB has completed the requested review of the three sites in CAU 568 and recommends the following corrective action alternatives:

Site	Corrective Action Alternative Recommended by NSSAB
Well Head Covers – San Juan, Luna, Valencia (CASs 03-23-23, 03-23-31, 03-23-33)	Clean Closure
Four Soil/Debris Piles (CASs 03-08-04, 03-23-30)	Closure in Place for Soil and Debris Piles (Eastern, Central, and Western) Clean Closure for High Contamination Area Soil Pile
Lead Shot and Debris (CAS 03-26-04)	Clean Closure

Thank you for the opportunity to provide a recommendation on this work plan item for CAU 568. The NSSAB appreciates the time federal and contractor staff provided the NSSAB in briefing the subject and answering questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Donna L. Hruska". The signature is written in a cursive, flowing style.

Donna L. Hruska, Chair
