

National Nuclear Security Administration Categorical Exclusion Determination Form

NEPA ID#: HEDLP 15-001-001

Proposed Action Title: Building 25-4014 (NV-2017-023)

Program or Field Office: Nevada Field Office

Location(s) (City/County/State): Nevada National Security Site (NNSS), Nye County NV

Proposed Action Description:

This checklist is intended to cover general minor indoor work, and routine maintenance. This checklist does not address construction of new buildings, expansion of existing buildings, or installation of relocation of trailers and/or modular buildings.

Minor indoor work and associated yards would include but not be limited to: electronics repair, minor fabrication, equipment repair and calibrations, driving/parking, routine use of shop tools/equipment, equipment storage and staging, and waste and materials staging and repackaging.

Routine maintenance would include but not be limited to: repairs to communications and power systems; resurfacing and restriping existing roads and parking areas; repairs to restroom facilities and lighting systems; excavation only to access utility lines and pipes; painting of interior and exterior surfaces; moving property within and between buildings; pest and weed control through pesticide and herbicide application or blading already disturbing areas; putting fences in already disturbed areas; repair of existing transmission line; and placement of small concrete pads or sidewalks in previously disturbed areas.

Categorical Exclusion(s) Applied:

10 CFR 1021, B1.15 Support buildings

For the complete DOE National Environmental Policy Act regulations regarding categorical exclusions including the full text of each categorical exclusion, see Subpart D of 10 CFR 1021. Regulatory Requirements in 10 CFR 1021.410(b): (See full text in regulation)

The proposal fits within a class of actions that is listed in Appendix A or B to 10 CFR Part 1021, Subpart D.

There are no extraordinary circumstances related to the proposal that may affect the significance of the environmental effects of the proposal.

The proposal has not been segmented to meet the definition of a categorical exclusion.

Based on my review of information conveyed to me and in my possession concerning the proposed action, as NEPA Compliance Officer (as authorized under DOE Order 451. 1B), I have determined that the proposed action fits within the specified class(es) of action and that other-regulatory requirements set forth above are met. Therefore, the application of a categorical exclusion is appropriate.
