 NATIONAL NUCLEAR SECURITY ADMINISTRATION NEVADA FIELD OFFICE  
 NEPA ENVIRONMENTAL EVALUATION CHECKLIST**

**NV-2017-048**

FOLLOW ATTACHED PROCEDURES FOR COMPLETING CHECKLIST				Date <b>06/21/2017</b>			
A. Project/Activity Title (Attach a brief description of proposed project)				Anticipated Start Date			
<b>CTOS Eastern Region Administrative, Warehouse and Training Office</b>				<b>Ongoing</b>			
Project Location <b>250 Executive Drive, Suite T Edgewood, NY 11717</b>			Proposed By (if other than NNSA/NFO)				
NNSA/NFO Line Management Organization			NNSA/NFO Project/Program Manager <b>Carolyn Kafantaris</b>				
<b>ENVIRONMENTAL CONSIDERATIONS:</b> If any phase of the project/activity involves any of the following considerations, check yes and explain in project description. See NFO-16A for consideration guidelines and examples.							
CONSIDERATION	YES	NO	UNK	CONSIDERATION	YES	NO	UNK
<b>WASTE</b>				<b>AIR EMISSIONS</b>			
1. Non-Rad Solid Waste	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	1. Chemical Release	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Hazardous Waste	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	2. Dust/Particulate Matter	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Low-Level Rad Waste	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	3. Explosives	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Mixed Waste	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	4. Diesel Generators	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. TRU/Mixed TRU Waste	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	5. Open Burning	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Wastewater (domestic/industrial)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>				
<b>HAZARDOUS MATERIALS</b>				<b>SITE LOCATION/OTHER</b>			
1. Petroleum/Fuel Storage/Use	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	1. Environmental Restoration Site (CAU)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Underground Storage Tanks	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	2. Excavation/Land Surface Disturbance	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Aboveground Storage Tanks	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	3. Off Road Travel	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. PCBs/Asbestos	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	4. Biological/Tortoise Resource Area	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Pesticides/Herbicides	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	5. Cultural/Historic Resource Area	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Radioactive Materials	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	6. Change in Existing Drainage Pattern	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Biological Materials/Simulants	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	7. Impact to Environmental Monitoring System	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. Beryllium	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	8. Unexploded Ordnance Area	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Chemical Storage/Use	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	9. Noise	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
10. Use of Explosives/Firearms	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	10. Radiation Controlled Area	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
				11. Drinking Water System Involvement	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>DO NOT TYPE OR WRITE BELOW THIS LINE. FOR NEPA COMPLIANCE OFFICER USE ONLY.</b>							
B. Is the project/activity included in the final NNS SWEIS and the ROD or other NEPA document? <input type="checkbox"/> Yes (complete Sections C, D, and F) <input checked="" type="checkbox"/> No (complete Sections D, E, and F)							
C. This project/activity is included in the NNS SWEIS/ROD (or other NEPA document) under the following section and page number:							
D. Does the proposed project/activity require any local, state, or federal permits or notifications? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No							
E. If, based on the project description and the preliminary environmental considerations noted above, the proposed action fits within a class of action listed in Subpart D of 10 CFR 1021, write in the space below the paragraph number and short title from the appropriate table of contents of Subpart D, Appendix B, C, or D, for a CX, EA, or EIS. If the proposed action does not fit within any class of action, write "Not Listed" below. 10 CFR 1021: B1.2 Training Exercises B1.15 Support buildings							
<b>F. NEPA COMPLIANCE OFFICER DETERMINATION OR RECOMMENDATION:</b> I have determined that the proposed action as described in Item A has been adequately analyzed and meets the requirements for categorical exclusion under the citation in Item E. No further analysis or documentation is required pursuant to NEPA. Any changes or additions to this proposed action will require additional NEPA review.

_____ NNSA/NFO NEPA Compliance Officer							

**U.S. DEPARTMENT OF ENERGY  
NATIONAL NUCLEAR SECURITY ADMINISTRATION NEVADA FIELD OFFICE  
NEPA ENVIRONMENTAL EVALUATION CHECKLIST**

**NV-2017-048**

**Project Description:**

*Note: This NEPA Checklist is an updated version of NV-2010-046.*

The Counter Terrorism Operations Support (CTOS) Administration, Warehouse, and Training Office would support CTOS activities on the East Coast, including the entire Eastern Region of the United States (US) as well as US territories along the eastern seaboard (Puerto Rico, St. Thomas, etc.).

The facility is located in Edgewood, New York, in a commercially leased, light-industrial building. The general purpose of the facility would be for administration and general warehouse use. CTOS personnel would conduct classroom training and demonstration methods, interactive exercises, and drills. The area for the delivery of designated courses of instruction would include the Eastern Region office as well as off-site locations as per the customer's request. Activities might include pick-up and drop-off, use of equipment and materials required for training, and the storage of materials and equipment on site. Training aids could include radioactive materials and or sealed radioactive materials. These materials would be stored in a designated Radiological Materials Area (RMA), inspected and approved by RAD Control personnel under a Radiological Control Work Permit.

**Environmental Considerations:**

W-1 Non-Rad Solid Waste: Typical industrial solid waste such as trash resulting from office, storage, and mission activities would be generated as part of daily operations. Routine solid waste would be picked up by a licensed waste removal company and disposed of at an offsite disposal facility.

W-6 Waste water (domestic/ industrial): The facility would be connected to the waste water collection and disposal system of the complex. Typical sanitary systems such as toilets and sinks would provide for domestic wastes.

H-6 Radioactive Material: Storage of radioactive material would occur in the RMA. Sealed sources used in the training area of the facility would be under the supervision of a Radiological Control Technician or Source Accountability Officer. The materials would not pose a hazard to workers or to the environment while being used or stored at the facility.

S-10- Radiation Controlled Area: Storage of radioactive materials would occur in the designated RMA Area. Radiological control measures would be implemented through a Radiological Control Work Permit.

S-11 Drinking Water System Involvement: This building would be connected to the local municipal water supply system for use in the drinking water and fire suppression sprinkler systems.
