

Take learning to a whole new level . . .

OPERATION CLEAN DESERT

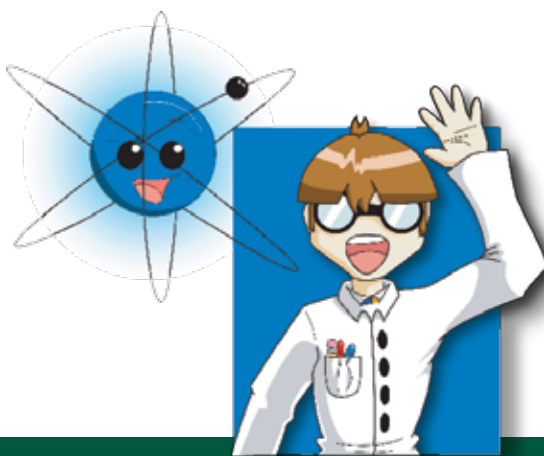

Attention Public Schools, Parents, Home School
Organizations, Museums, Libraries, Community
Groups, After-School Programs!

Operation Clean Desert follows the adventures of Dr. Proton and Adam the Atom as they visit the Nevada Test Site, and teaches elementary and middle-school age children about various environmental issues.

Available learning materials include an interactive display, computer game, and an activity book. Each piece works as a standalone item, but together it makes for a great educational impact. These items are free to the public.

As a time-saving and work-saving bonus for educators, a ready-to-go lesson plan, worksheet and answer key are also available that fulfill a variety of learning objectives. These materials are an excellent resource for educators, and are available to all types of schools, home educators, museums, libraries, community groups, after-school programs, and more!

The Display

This colorful, interactive display is a fun and informative learning tool for both children and adults, and can be used in classrooms, lobbies, and other open spaces. Through this display, Dr. Proton and Adam the Atom help explain the cleanup efforts taking place at the Nevada Test Site.

The Computer Game

Dr. Proton and Adam the Atom continue their adventures through a series of fun mini-games that educate players (while they play!) about the environmental projects at the Nevada Test Site. To preview the game, visit: www.nv.doe.gov/kidszone/game.htm

The Activity Book

Dr. Proton and Adam the Atom visit the Nevada Test Site, where they learn how people are helping to clean and preserve the environment. The activity book includes attention-grabbing comic illustrations, coloring pages, mazes, and word games. To view or download the book, visit: www.nv.doe.gov/kidszone/book.htm

Ask about our wide array of poster displays, exhibits, fact sheets, and brochures regarding the environmental management work taking place at the Nevada Test Site!

Also available:

- Groundwater at the Nevada Test Site Poster Display
- Waste Management Timeline Poster Display
- Transportation Poster Display and optional mock waste container
