Anthony Graham, Chair
Nevada Site Specific Advisory Board
100 N. City Parkway, Suite #1750
Las Vegas, NV 89106

**RESPONSE TO THE NEVADA SITE SPECIFIC ADVISORY BOARD (NSSAB)
RECOMMENDATIONS FOR GROUNDWATER OPEN HOUSE (WORK PLAN ITEM #1)**

Reference: Ltr Graham to Boehlecke, dtd 1/23/23

The U.S. Department of Energy (DOE), Environmental Management (EM) Nevada Program received correspondence from the NSSAB detailing the Board's recommendations for improving communications to the public for Groundwater Open House events.

The EM Nevada Program appreciates the work that went into producing these recommendations. The discussion at the January 18, 2023, NSSAB meeting that yielded these recommendations was both thorough and insightful. The recommendations represent a great example of how the NSSAB, and its members can be of great assistance to our shared EM Nevada mission.

In review of the recommendations, the EM Nevada Program will consider each of the NSSAB's recommendations to increase public engagement and to improve the attendee experience when preparing for future Groundwater Open House events.

Again, we thank the NSSAB for its diligent work in providing your thoughtful feedback for this important event. If you have any questions or comments, please feel free to contact the NSSAB Office at (702) 523-0894.
