

VMWare Horizon Client

For Windows:

Downloading

1. Open the following URL: <https://vdi.nnss.gov> or navigate to it by copying and pasting into any web browser's address bar.
2. Click on **Install VMware Horizon Client**.
3. Click on **Go to Downloads** and select the appropriate operating system.
4. Click on **Download** and save the file to your computer.

Installation

1. After the download has been saved to your computer, double-click the file to begin installation.
2. Click on the **Agree & Install** button to proceed with installation.
3. Wait for the installation to show a "Success!" screen. Click **Finish** to complete the installation.

VMware Horizon Client Application Configuration

1. Double-click on the **VMware Horizon Client** icon from the desktop.
2. After launching the application, double-click on **New Server**.
3. Follow the instructions below for logging on with your Smart Badge OR RSA token.

Using Smart Badge

4. Type in "vdi.nnss.gov"
5. Insert your company issued HSPD-12 or LSSO Smart Badge into your company issued Smart Badge Reader.
6. Click **Connect**.
7. Click **Accept**. There may be multiple choices of certificates.
 - For PIV (HSPD), select the certificate labeled with your name (affiliate).
 - For CIV (other), select the certificate that has your name.
8. Click **OK**.
9. You will be presented with a prompt for the PIN associated with your badge. Enter your credentials and click **Login**.

For MacOS:

Downloading

1. Open the following URL: <https://vdi.nnss.gov> or navigate to it by copying and pasting into any web browser's address bar.
2. Click on **Install VMware Horizon Client**.
3. Click on **Go to Downloads** and select the appropriate operating system.
4. Click on **Download** and save the file to your computer.

Installation

1. Double-click the file to begin installation. Note: This should be located in your "downloads" folder.
2. Click the **Agree** button.
3. Click and drag the "VMware Horizon Client" icon to the "Applications" folder.
Note: If you already have an older version of this application installed, you may receive additional messages.
Click **Replace** to ensure you are using the latest version of VMware Horizon Client.

Configuration

1. Double-click on the **VMware Horizon Client** icon from the desktop.
2. After launching the application, double-click on **New Server**.

Using Your RSA

3. After selecting New Server above, type in **connect.nv.doe.gov**.
4. Click **Connect**.
5. Click **Accept** and you will be prompted for your network username and RSA Passcode (8 Digit Pin + RSA token (Key Fob)). After this is entered, click **Login**.
6. You will be presented with a prompt for your username and password. Enter your credentials and click **Login**.
