### **PREAMBLE**

This Agreement entered into this 1st day of October 2025 by and between Mission Support and Test Services LLC. (herein referred to as MSTS) and the Southern Nevada Building Trades Unions (SNBTU), its undersigned Unions and other Signatory Unions (herein collectively referred to as Union), recognize that work at the Nevada National Security Site (herein referred to as NNSS), performed by MSTS, requires innovation, flexibility and responsive Labor-Management practices.

The NNSS shall include work performed at the NNSS, Remote Sensing Lab (RSL), North Las Vegas Facility (NLV), Nevada Test and Training Range (NTTR), and other facilities or MSTS extensions of the government program within the Department of Energy (DOE), National Nuclear Security Administration Nevada Field Office (NNSA/NFO) system which is under the jurisdiction of the Local Unions within the State of Nevada.

To this end, the collective strengths and resources of the Union(s) and MSTS are teamed in a partnership for the purposes of providing the DOE NNSA/NFO an available and sufficient workforce which is efficient, competent, and qualified.

## ***ARTICLE 2***

### **INTENTS AND PURPOSE**

SECTION 1. This Agreement is for the joint use and benefit of the signatory parties, and the provisions shall be construed as binding upon and effective in determining the relations between the parties, and to set forth the basic Agreement covering rates of pay, fringe benefits, hours of work, and conditions of employment to be observed by the parties.

It is the intent of the parties to set out safe and efficient working conditions, establish and maintain harmonious relations, secure optimum productivity, and to eliminate delays in the work undertaken by the Employer. The parties agree that nothing shall be permitted that restricts production or increases the time required to do the work, and that no limitation shall be placed upon the amount of work an Employee shall perform, and that there shall be no restriction against the use of any kind of machinery, tool, or labor-saving device except as provided in Appendix A, provided however that no Employee shall be required to work under any conditions which are injurious to their health and safety.

It is mutually understood that the terms and conditions relating to employment of craft persons covered by this Agreement have been decided on by collective bargaining and that the provisions will be binding upon the Union(s) and the Employer.

SECTION 2. This Agreement and the Southern Nevada Labor Alliance (SNLA) shall be the only Collective Bargaining Agreement between the parties which shall apply at the NNSS and no other Agreements, either local or national, shall apply over these Agreements. Employment practices not part of this Agreement shall not be recognized.

SECTION 3. Appendices of this Agreement are applicable only to the Signatory Unions and shall be considered an integral part of this Agreement.

SECTION 4. It is a mutual understanding that all past Interpretations will be recognized in this Agreement from October 1, 2025 to September 30, 2030.

### **SOUTHERN NEVADA LABOR ALLIANCE (SNLA)**

SECTION 1. MSTS and the Unions agree to incorporate the Principles of the SNLA into all aspects of this Agreement. The Principles of the Alliance are to:

- A. Develop business opportunities and market the value of the Alliance to NNSS Customers.
- B. Establish an Alliance Administrative Committee which will meet on a regular basis for the purpose of implementing these principles.
- C. Provide and promote an available, well-trained, qualified, productive, and cost-effective work force.
- D. Provide and promote a safe and healthful work environment to all Employees through an effective safety program.
- E. Continuously improve productivity, quality, and methods of work execution.
- F. Resolve any differences between the parties in an atmosphere of cooperative Labor-Management relations and without job disruptions or work stoppages.

Continuous Improvement (CI) Committees will be mutually established and approved by the Unions to address work execution processes and issues affecting the craft workforce. The CI Committee shall consist of six (6) members. The SNBTU and MSTS shall each appoint three (3) members to serve on the CI Committee. The CI Committee shall meet as required.

Neither the SNLA nor the CI Committees shall make decisions which change or modify any of the Terms and Conditions of this Agreement.

SECTION 2. It is the responsibility of the individual Employee to obtain and maintain general industry safety training (Example, but not limited to: OSHA 10, CPR/First Aid/AED, Asbestos Abatement, etc.); and craft specific training/certifications (Example, but not limited to: Firestop, Backflow Preventer, Welding, etc.) that are available at Union training centers and paid for through the Joint Apprentice Training committee Trust Fund contributions negotiated as part of this Agreement.

It is understood that apprentices obtain training throughout their apprenticeship. This is not an effort to exclude apprentices.

The Employer will provide site specific training at Management's discretion.

## ***ARTICLE 4***

### **DOE, NNSA/NFO ORDERS AND DIRECTIVES**

It is understood and agreed that the Employer's operations involved herein are subject to its contract with the DOE, NNSA/NFO and the Orders and Directives of the Administration, and it is agreed that should any National Security, Safety, or Health Orders and Directives of the DOE, NNSA/NFO conflict with any of the provisions of this Agreement, the parties shall meet and confer in an effort to resolve the conflict. ### **NUCLEAR FACILITIES**

SECTION 1. For Employees who are assigned to work at Nuclear Facilities, failure to meet DOE and federal required training and qualification programs or security requirements in accordance with NRC Federal Register 10 CFR and DOE/NNSA regulations, prior to performing work independently will result in termination from the project. If training and qualification requirements are not met, work must be performed under the direct supervision of a qualified craft person to do the work, unless prohibited by CFR, DOE guidance, or other requirements.

SECTION 2. **COMPOSITE CREWS**: It is recognized by the Employer and the Union that the performance of work subject to this Agreement will require the use of composite crews; that is, crews made up of Employees in classifications represented by more than one Union. It is understood that only qualified craft persons from the International Brotherhood of Electrical Workers shall work on or within the minimum approach distance of energized electrical conductors, with the exception of HVAC, which will be worked by the appropriate crafts.

It is agreed that such crews may be assembled and worked under one qualified Foreman if a Foreman is deemed necessary, irrespective of the Union affiliation of such Foreman.

The Foreman of a composite crew will be selected by the Employer. In making such selection, the Employer will give due consideration to the nature of the work to be performed. However, this in no way shall restrict the exclusive right of the Employer to determine the necessity for and the identity of its Foreman as set forth in Management Rights.

SECTION 3. **HUMAN RELIABILITY PROGRAM PREMIUM (HRP)**: The Human Reliability Program premium will be paid at the rate of two dollars (\$2.00) per hour for all hours worked to those Employees certified in the HRP Program.

If it is determined that any violations of any federal, state, or local rulings or regulations of any governmental authority or agency having jurisdiction of the subject matter of this Agreement has been violated, the parties shall meet and confer in an effort to resolve any conflicts determined illegal or voided. The Steward will not be disciplined or laid off for the performance of their agreed-upon duties when performed in accordance with this Article. It shall be recognized by the Employer that the Steward shall be the last person to be laid off in their trade, provided they are qualified to perform the work.

SECTION 4. To promote harmony between the Union and the Employer, the Steward, without interrupting the progress of the job, shall be limited to, and shall not exceed, the following duties and activities:

Failure to bring any incorrect payments to the Employer's attention within a reasonable time, not to exceed thirty (30) days, may result in a waiver of any potential penalty fees.

**SECTION 7. WAGE INCREASE/ALLOCATIONS:** Wage increases, allocations, and reallocations to this Labor Agreement shall be implemented and paid to Employees within forty-five (45) days of receipt of written notification from the Union to the Employer, and be paid retroactive to the effective date of such increase/allocations. A penalty of one (1) hour straight-time rate of pay will be paid to Employees for each day of waiting time beyond the forty-five (45) days, until such wage increase/allocation payments are made.

### SECTION 1. FIVE DAY, EIGHT HOUR (5/8) SINGLE SHIFTS

- A. Eight (8) consecutive hours, exclusive of a thirty (30) minute unpaid meal period between the hours of 6:00 am and 6:00 pm shall constitute a single shift. There shall be no staggering of starting times for Employees working on the same project, area, or location.
- B. The standard workweek shall consist of five (5) workdays, Monday through Friday.
- C. All hours worked before and after an Employee's established shift, Monday through Friday, and all hours worked on Saturdays, Sundays, and holidays shall be paid at the applicable overtime rate.

## **SECTION 2. FIVE DAY, EIGHT HOUR (5/8) MULTIPLE SHIFTS**

- B. Employees, who are worked on such shifts for less than three (3) consecutive workdays, shall be paid the applicable overtime rate for all hours worked during that shift assignment. This shall not apply to Employees assigned to replace another swing and/or graveyard shift Employee, or an Employee who is unable to continue on such shifts for some reason which is their own responsibility. Employees shall be notified before the end of their regular assigned shift of any change in the starting time or changes in assigned shifts.
- C. When the second and/or third shifts are worked, the shift shall be established on a seven (7) hour basis and receive pay for eight (8) hours at the applicable hourly rate.

- E. Overlap of any shifts shall not exceed one (1) hour. Nuclear facilities overlap of any shifts shall not exceed two (2) hours.
- F. If it is necessary to use Employees from a previous shift within the same workday, the applicable overtime provisions shall apply.

## **SECTION 3. FOUR DAY, TEN HOUR (4/10) SHIFTS**

- A. The Employer may establish a four (4) day workweek consisting of four (4) consecutive ten (10) hour days per week at an area, location, or project, Monday through Thursday, or Tuesday through Friday. Both shifts shall not be worked at the same project, area, or location.
- B. The standard day shift shall be established between the hours of 6:00 am and 6:00 pm, exclusive of a thirty (30) minute unpaid meal period. The starting time may change due to project requirements, with a mutual agreement from the Union(s).
- C. The first shift or day shift shall commence on Monday or Tuesday and the established starting time shall be at 6:00 am, 6:30 am, 7:00 am, or 7:30 am, and conclude on Thursday or Friday at the end of the established shift. There shall be no staggering of starting times for Employees on the same project, area, or location unless agreed by each individual Union.
- D. The Employer shall give the Union notification seven (7) days prior to the beginning of the four (4) day workweek. The four (4) day workweek shall remain in effect for a minimum of two (2) weeks.
- E. Hours worked prior to the normal starting time or after the conclusion of the established quitting time shall be paid at the applicable overtime rate.

## **SECTION 4. NIGHT SHIFT, FOUR DAY, TEN HOUR (4/10) SHIFTS**

- A. When so elected by the Employer, night shifts may be worked. Night shifts may be established on a temporary basis of at least three (3) consecutive days duration.
- B. Employees, who are worked on such shifts for less than three (3) consecutive workdays, shall be

paid the applicable overtime rate for all hours worked during that shift assignment. Employees shall be notified before the end of their regular assigned shift of any change in the starting time or changes in assigned shifts.

- D. Overlap of any shifts shall not exceed one (1) hour. Nuclear facilities overlap of any shifts shall not exceed two (2) hours.

## SECTION 5. **ROTATING SHIFTS**

- A. When so elected by the Employer, a continuous rotating shift system may be utilized for work related to drilling operations or internal combustion power generating systems covered by this Agreement. It is not the intent of the Employer to use any of the provisions of this Section to utilize a rotating shift system for general construction work unrelated to drilling operations, or to assign an Employee to a rotating shift who does not spend the majority of their time performing work related to drilling or combustion power generating systems operations.
- B. Such work shall be performed on a continuous twenty-four (24) hour basis, seven (7) days a week, for a period of not less than thirty (30) calendar days, and provided the Union is notified twenty-four (24) hours in advance of the commencement of such shift.
- C. It is agreed that the rotating shift system shall be operated as follows:
  - a. Standard shift rotation shall be six (6) days' work and two (2) days off for four (4) shift groups (crews).
  - b. The standard work shift shall be eight (8) hours continuous work including meal period.
  - c. The identity of those Employees to be worked under the rotating shift system will be posted at least seven (7) days before the start of the shift showing the rotating group to which the Employee is assigned, the days to be worked by that group, and the days off assigned to that group.
- D. If a rotating shift system is not continued for a period of thirty (30) calendar days, the Employees assigned to work such rotating shifts shall be paid an additional one-half (1/2) time at the straight-time hourly rate for all hours worked on Saturday and Sunday on said rotating shift.
- E. Employees temporarily assigned to a rotating crew shall be assigned for a minimum of one (1) rotation. Employees temporarily assigned for less than one (1) rotation will be paid in accordance with the overtime provisions of this Agreement.
- F. The Employer shall not schedule and/or work an Employee covered by this Agreement for two (2) consecutive, successive straight-time shifts even though such shifts occur on different workdays.
- G. An Employee who is scheduled to work two (2) consecutive, successive straight-time shifts on different workdays and who does work these shifts shall be paid at the applicable overtime rate for the actual time worked during the second of those shifts.
- H. The Union shall be notified in writing within twenty-four (24) hours of the discontinuance or reduction of an established rotating shift system. However, neither a holiday nor non-workday shall be construed as a discontinuance or break in the rotating shift.

- I. In the event an established rotating shift system is discontinued, the Employees who worked said rotating shift may be reassigned to a shift, as set forth in sections above, without any penalty to the Employer.
- J. Employees assigned to rotating shifts while working on the swing shift shall be paid a shift differential of ten percent (10%) of their straight-time hourly rate per hours worked.
- K. Employees assigned to rotating shifts while working on the graveyard shift shall be paid a shift differential of fifteen percent (15%) of their straight-time hourly rate per hours worked.
- L. Prior to the implementation of a rotating shift, the Employer, and the Union(s) shall mutually agree to a schedule.

**SECTION 6. CO-MINGLING SHIFTS:** Employees assigned to the five-eight (5/8) workweek shall not be co-mingled with Employees assigned to the four-ten (4/10) workweek. It is not the intent of the parties to co-mingle employees assigned to the four-day, ten-hour (4/10) shift with employees assigned to the five-day, eight-hour (5/8) shift unless an emergency situation arises, such as imminent danger to life or property.

**SECTION 7. OFF-SITE TRAINING:** The Employer may co-mingle Employees in training. The Company may move an Employee's workweek if an Employee assigned to a four-ten (4/10) workweek is required to attend training that is only provided on a five-eight (5/8) workweek so that the Employee can attend said training. This shall also apply to an Employee assigned to a five-eight (5/8) workweek that is required to attend training only provided on a four-ten (4/10) workweek. If an Employee on a Monday through Thursday four-ten (4/10) workweek needs to attend training on a Friday, the Employee may be put on a Tuesday through Friday four-ten (4/10) workweek to attend the training. Advanced notice will be provided to the Union in anticipation of moving an Employee's workweek.

**SECTION 8. SPECIAL SHIFTS:** Due to the nature of work at the NNSS, the parties agree that if required by the Customer or Employer, "special shifts" other than those specified in this Article, may be established for a minimum of three (3) days.

An Employee shall work eight (8) or ten (10) consecutive hours exclusive of the meal period for which they will receive a fifty (\$0.50) cent premium flat rate which will become the base rate of pay Monday through Thursday. All time worked on Friday, Saturday, Sunday, and holidays shall be paid at the appropriate overtime rate.

It is recognized that certain special shifts may require modifications to provisions contained in this Article, not to include rates of pay and/or shift premiums. The Employer will give notification in writing, twenty-four (24) hours in advance, for work that can only be performed outside the regular day shift due to safety concerns or other project requirements.

**SECTION 9. CONSECUTIVE DAYS:** When any of the various shifts listed above state they must run for a minimum amount of consecutive days, they will be run for that minimum number of consecutive "workdays" as defined by Section 1 and the specific "workdays" at the Employee's assigned shift. Otherwise, the applicable overtime rate will be paid for all hours worked on a non-consecutive shift. This section hereby incorporates the Interpretation/Memorandum of Agreement below entered into June 27, 2005.

**PROJECT LABOR AGREEMENT  
INTERPRETATION/MEMORANDUM OF AGREEMENT**

In accordance with the ***Interpretations Committee Article*** of the Project Labor Agreements between Bechtel Nevada and the Southern Nevada Building and Construction Trades Council Signatory Unions, the Joint Labor-Management Interpretations Committee (JLMIC) convened and rendered an Interpretation on the following issue on June 27, 2005. This Interpretation/Memorandum of Agreement documents the decision and is final and binding and shall apply to the Agreement(s) noted below:

**AGREEMENT(S):**  Construction     M&O     Tunnel & Tunnel-Shaft     Appendix "B"

**ARTICLE(S):**    **SHIFTS AND HOURS OF WORK (ARTICLE 20—Construction, M&O and Tunnel Agreements; APPENDIX B/II, SECTION B.)**

**ISSUE:** *Language under the various shifts reads, a) the employer may establish certain shifts, which must run for a minimum of 3, 4 or 5 consecutive days, b) If employees are worked on such shifts for less than 3, 4 or 5 consecutive work days, they shall be paid the applicable overtime rate for all hours worked during the shift assignment. What is the interpretation of "consecutive days" and "consecutive workdays"?*

**INTERPRETATION DECISION:**    When any of the various shift language in the above noted labor agreements states they must run for a minimum of "X" consecutive days, they will be run for that minimum number of consecutive **WORKDAYS**, otherwise the applicable overtime rate will be paid for all hours worked on that shift.

**EXAMPLES:**

- A 4-10 night shift is established Tuesday, Wednesday, and Thursday nights. This meets the requirement of 3 consecutive workdays.
- A 4-10 night shift is established Thursday, Friday, and Saturday nights. This does not meet the requirement of 3 consecutive workdays, as Friday and Saturday are not regular workdays on a 4-10 shift. Therefore, all hours worked on this shift would be paid at time and one-half.
- A 4-10 night shift is established Wednesday, Thursday, and Monday nights. This meets the requirement of 3 consecutive workdays.
- A 5-8 multiple shift is established Wednesday, Thursday, Friday, Saturday, and Sunday. This does not meet the requirement of 5 consecutive workdays, as Saturday and Sunday are not regular workdays on a 5-8 shift. Therefore, all hours worked on this shift would be paid at overtime (W, TH, FR, SAT at time and one-half; SUN at double time).

### **REPORTING TIME AND MINIMUM PAY**

#### **I. REPORTING PAY**

SECTION 1. **FIVE-EIGHT (5/8) SHIFTS**: An Employee assigned to a single shift or multiple shift system, reporting for work at their regularly scheduled starting time for whom no work is provided shall, unless notified before the end of their last work period not to report to work, receive pay for two (2) hours at their straight-time hourly rate for Monday through Friday. Such pay shall be at the appropriate overtime rate for Saturday, Sunday or holidays for Employees assigned to other than rotating shifts.

SECTION 2. **FOUR-TEN (4/10) SHIFTS**: An Employee assigned to a four-ten shift reporting for work at their regularly scheduled starting time for whom no work is provided shall, unless notified before the end of their last work period not to report to work, receive pay for three (3) hours at their straight-time hourly rate for Monday through Thursday. Such pay shall be at the appropriate overtime rate for holidays, or the Employee's scheduled day(s) off.

#### **II. MINIMUM PAY**

SECTION 1. **FIVE-EIGHT (5/8) SHIFTS**: An Employee assigned to a single shift or multiple shift system, reporting for work at their regularly scheduled starting time, for whom work is provided, shall receive pay for not less than four (4) hours at the appropriate hourly rate, or if more than four (4) hours are worked, not less than eight (8) hours pay at their straight-time hourly rate, except as outlined in Section 6. Such pay shall be at the appropriate overtime rate for Saturday, Sunday, holidays, or the Employee's scheduled day off other than Saturday and Sunday.

\* For example: If an Employee reports for work on a eight (8) hour, double-time day and works for six (6) hours, they shall receive double-time for six (6) hours, and, in addition, shall receive the difference between six (6) hours and the eight (8) hour guarantee (or two [2] hours straight-time clearance pay); a total of fourteen (14) hours straight-time pay.

SECTION 2. **FOUR-TEN (4/10) SHIFTS**: An Employee assigned to a four-ten (4/10) shift (day or night), reporting for work at their regularly scheduled starting time for whom work is provided, shall receive pay for not less than five (5) hours at the appropriate hourly rate, or if more than five (5) hours are worked, not less than ten (10) hours' pay at their straight-time hourly rate, except as outlined in Section 6. Such pay shall be at the appropriate overtime rate for holidays, or the Employee's scheduled day(s) off.

\* For Example: If an Employee reports for work on a ten (10) hour, double-time day and works for six (6) hours, they shall receive double-time for six (6) hours, and, in addition, shall receive the difference between six (6) hours and the ten (10) hour guarantee (or four [4] hours straight-time clearance pay); a total of sixteen (16) hours straight-time pay.

If the Employer directs or holds an Employee after their starting time, that Employee will be paid in accordance with Sections 1 and 2 above.

SECTION 3. **CLEARANCE PAY**: The straight-time pay provided to Employees as outlined in the five-eight (5/8) and four-ten (4/10) shifts above shall be known as "clearance pay". Clearance pay is calculated by determining the Employee's normally scheduled shift, the hours actually worked, and the Employee's applicable regular/overtime status.

SECTION 4. **ROTATING SHIFTS**: An Employee assigned to a rotating shift reporting for work at their regularly scheduled starting time shall receive pay for eight (8) hours at their straight-time hourly rate. Such

pay shall be at the appropriate overtime rate for holidays, or the Employee's scheduled day(s) off.

**SECTION 5. UNFORESEEN CIRCUMSTANCES:** If work is interrupted due to circumstances beyond the control of the Employer including, but not limited to, inclement weather, a breakdown causing discontinuance of a major unit of the project, etc., Employees who have reported for work and have begun work will be paid a minimum of four (4) hours on a five-eight (5/8) shift or five (5) hours on a four-ten (4/10) shift. If work proceeds beyond these hours, Employees will be paid actual hours worked.

**SECTION 6.** An Employee who works in more than one (1) classification in a workday will be paid the rate of the highest paid classification for the entire day.

**SECTION 7. FOREMAN / GENERAL FOREMAN DIFFERENTIALS:** An Employee who is assigned by the Employer to work temporarily as a Foreman or General Foreman shall receive the appropriate Foreman / General Foreman differential (as identified in Appendix A) for a minimum of one-half (1/2) shift. If the Employee temporarily works in this capacity for more than one-half (1/2) a shift, they shall receive the differential for the entire shift.

Time spent in Employer required training will be considered hours worked and shall be paid at the appropriate rate. The Foreman / General Foreman differential will be paid to only those Foremen / General Foremen permanently classified as such, not those in acting status.

#### **EXAMPLES:**

1. An Employee assigned to a four-ten (4/10) shift is assigned and works temporarily as a Foreman for four (4) hours. They shall receive the appropriate Foreman differential for five (5) hours, (half the shift).
2. An Employee on a four-ten (4/10) shift temporarily works as a Foreman for seven (7) hours. They shall receive the Foreman differential for ten (10) hours, (the entire shift).

**SECTION 8.** An Employee who reports for work in an unfit condition or is unable to perform said work for some other reason which is their own responsibility is not entitled to any pay, including clearance and/or waiting pay, for the duration of their inability to perform work.

### **ARTICLE 22**

#### **MEAL PERIODS**

**SECTION 1. FOUR DAY, TEN HOUR (4/10) SHIFT:** For the four-ten (4/10) shift schedule, an established, uninterrupted, unpaid meal period of one-half (1/2) hour must be started and completed during the sixth (6th) hour after the regular starting time of each shift.

In the event the meal period is not provided within the time frame set forth above, one-half (1/2) hour shall be paid at the appropriate overtime rate.

**INTENT:** Employees will eat-on-the-fly should a regular period not be available. This is not intended to be a full one-half (1/2) hour break, but just long enough for the individual to eat. This will be in accordance with the Craft Employee Work Rules.

**SECTION 2. FIVE DAY, EIGHT HOUR (5/8) SHIFT:** For the five-eight (5/8) shift schedule an established uninterrupted, unpaid meal period of one-half (1/2) hour must be started and completed during the fifth (5th) hour after the regular starting time of each shift.

In the event the meal period is not provided within the time frame set forth above, one-half (1/2) hour shall be paid at the appropriate overtime rate.

SECTION 3. If an Employee is required to work more than two (2) hours of pre-shift or post-shift overtime, they shall receive a paid meal period of one-half (1/2) hour in addition to the overtime hours worked. If the Employee continues to work post-shift overtime, they shall be entitled to an additional one-half (1/2) hour paid meal period each four and one-half (4-1/2) hours thereafter.

SECTION 4. When project conditions dictate a change in the established meal period, as outlined in Section 1 and 2 above, a change in the uninterrupted meal period may be initiated. The one-half (1/2) hour meal period may be moved but must start and be completed within the one (1) hour window.

The Union(s) and Employer agree that when job conditions dictate, the one (1) hour meal period window identified in Sections 1 and 2 may be increased, or the overlap of meal periods may be scheduled, by mutual agreement of the affected craft Union representatives, prior to such schedule commencing. The request for such changes and any mutual agreements shall be made in writing.

SECTION 5. The Employer will make food available for Employees who are required to work for extended periods of unscheduled overtime.

SECTION 6. **GIFTED MEAL PERIODS**: Gifted meal periods for Employees assigned to any work shift shall be paid at the applicable overtime rate.

**INTENT:** The intent of this Article is for the Employer to establish a meal period, within the time periods stated in Sections 1 and 2, which will be the normal meal period for a crew. It is the intent of this Article to allow Employees to have an uninterrupted one-half (1/2) hour meal period. The Employer will notify Employees of a change in the meal period as early in the day as possible.

It is NOT the intent of this Article to prevent Employees from having a meal period by working them straight through and paying them for not having a meal period. It is NOT the intent for the Employer to obtain ten and one-half (10 1/2) hours work coverage for ten (10) hours pay, or in the case of an eight (8) hour shift, it is NOT the intent for the Employer to obtain eight and one-half (8 1/2) hours work coverage for eight (8) hours pay. Should circumstances require an Employee not to have an uninterrupted meal period, then Employees shall be allowed to take a break, (not intended as an actual meal period), which enables them to have something to eat, in accordance with the Craft Employee Work Rules.

## ***ARTICLE 23***

### **REPORTING POINTS AND TRANSPORTATION**

SECTION 1. Reporting Points are the physical location Employees must travel to when reporting for duty at the start of a shift. Reporting Points are designated by the Employer and may be separate from an Employee's jobsite.

SECTION 2. All Employees will report to their jobsite on their own time throughout the NNSS. The Employer shall ensure that Reporting Points have adequate sanitation facilities and communication services available. A change in an Employee's assigned reporting point may be made before the end of their last work period.

SECTION 3. An Employee assigned to work at a location outside the designated area of the Employee's Reporting Point shall be transported by the Employer between the Reporting Point and place of work, either

inside or outside the Employee's scheduled hours of work.

SECTION 4. The Employer will provide transportation to and from the NNSN from Pahrump and at least two (2) designated locations in the greater Las Vegas area. Ticketing requirements shall be determined by Management. The fares and services will be the same as enjoyed by other portions of the Company, that is two dollars (\$2.00) each way traveled by the Employee, for the first three (3) years of this Agreement. If at the end of three (3) years the fares increase, the Employer and the Union(s) agree that such increase will be the subject of the economic reopeners scheduled at the end of three (3) years, which shall not be subject to the terms and conditions of the No Strikes Or Lockouts and Grievance and Arbitration Articles of this Agreement.

SECTION 5. In the event that Employees are required to work overtime and those Employees are unable to utilize their normal source of transportation, the Employer shall provide transportation to the Employees' normal transporting point.

SECTION 6. At the end of shift, if an Employee has to wait in excess of sixty (60) minutes for transportation, that Employee will be placed in pay status from the end of the work period until the transportation is provided. An Employee placed in pay status may be returned to work during a transportation delay.

SECTION 7. In the event an Employee is late for work due to delay or failure of the Employer provided transportation, the Employee will be paid beginning at their regular starting time. If an Employee is unable to report to work due to the above, the Employee shall be paid applicable show-up time provided they have made reasonable attempts to secure transportation from the Employer or through personal means.

SECTION 8. In the event there is any work beyond the present boundaries of the NNSN, the Employer agrees to discuss transportation with the Union or Unions involved.

SECTION 9. Employees shall start and complete their shift at their original reporting point. If the employer causes the Employee to complete their shift at a point further away from their original reporting point, they will be compensated at the applicable rate of pay until returned to the original reporting point. It is not the intent of this section to return an Employee to their original reporting point if they are closer to their residence at the end of their shift.

SECTION 10. **NTTR:** A change in an Employee's assigned reporting point may be made before the end of their last work period. If an Employee's reporting point is changed during their workweek from the NNSN to the NTTR or vice versa, the Employee shall be permitted to travel during their workday or shall be paid actual required travel time, not to exceed four (4) hours. If an Employee's reporting point is changed during their workweek from Las Vegas to the NTTR or vice versa, the Employee will be paid five (5) hours travel time, if not permitted to travel during their workday.

## ***ARTICLE 24***

### **ZONE PAY**

SECTION 1. An Employee's rate of zone pay is determined by the Employee's reporting point:

- A. **ZONE A (LAS VEGAS):** Employees reporting to Las Vegas and the surrounding vicinity will receive no zone pay. No zone Pay is paid to Employees that report to work at NLV or RSL.
- B. **ZONE B (MERCURY AND FORWARD AREAS):** Employees reporting to the NNSN will be paid zone pay in an amount equal to two dollars (\$2.00) per hour worked. Zone pay will be paid

for all hours worked within that zone.

C. **ZONE C (NTTR)**: Employees reporting to the NTTR will be paid zone pay in an amount equal to two dollars and fifty cents (\$2.50) per hour worked. Zone pay will be paid for all hours worked within that zone.

SECTION 2. This Article may be reviewed by both parties, the Employer and the Union, at the scheduled economic reopener in three (3) years, which shall not be subject to the terms and conditions of the No Strikes Or Lockouts Article and the Grievance and Arbitration Article of this Agreement.

SECTION 3. Zone pay will be paid at a flat rate for each hour worked as described in Section 1 of this Article and shall not be increased for the purposes of calculating overtime. Zone pay is not included in the calculation of fringe benefits.

## ***ARTICLE 25***

### **ALLOWANCES WHILE TRAVELING**

SECTION 1. Employees will be paid at their applicable rate for the hours specified while on Company-directed travel for training or special assignments.

### **WORKFORCE FLEXIBILITY**

It is agreed between (MSTS), the SNBTU and other Signatory Unions that a stable workforce is mutually beneficial. Therefore, when mutually agreed in advance between MSTS and the affected Union(s), qualified Employees working under the Terms and Conditions of either the NNSS PLA for Construction or for Maintenance and Operations (M&O) may be temporarily transferred from one Agreement to the other.

Nothing herein, or in any other portion of this Agreement, shall limit the right of the Employer, upon mutual agreement with the individual Unions, to assign Employees covered by the M&O Agreement to work under the Construction Agreement or vice versa, consistent with craft flexibility and efficiency. The Employer will, to the greatest extent possible, equalize the cross-assigned Employees' terms and conditions for the time period the Employee is assigned to work in the other bargaining unit. It is understood that as of September 30, 2025, no employees are actively covered by the M&O agreement as all bargaining unit employees have been dispatched under the Construction Agreement.

Any Employee working under the Construction agreement will be paid the wages negotiated therein. Employees performing Davis-Bacon work will be paid at the negotiated wages contained in this Construction Agreement or Davis-Bacon rates set forth in the Prime Contract between the Company and the Department of Energy whichever is higher. An Employee dispatched under the Construction Agreement will stay under the Construction Agreement wage package regardless of the type of work being performed by the Employee. All disputes concerning the Employer's exercise of this authority will be referred to the Alliance Interpretations Committee for review. Upon mutual consent, the Employer agrees to provide reasonable notice to the respective Union of any cross assignment of Employees.

The intent is not to permanently move Employees from one Agreement to another Agreement. It will be done on a case-by-case necessity basis, and must come through Labor Relations to the Union, and will be subject to mutual agreement.

Day 10 & 11: Dispute Resolution Forum convenes to review evidence and issue a decision on the work assignment.

The time limits on both processes may be extended by mutual consent of the parties.

**SECTION 6. WORK ASSIGNMENT DISPUTE RESOLUTION FORUM**

The Work Assignment Dispute Resolution Forum shall be as follows:

- A. The Forum will consist of three (3) disinterested Union representatives that will be selected by the SNBTU President or Secretary/Treasurer at a meeting with all the Signatory Unions and MSTS Labor Relations present.
- B. Four (4) crafts will be drawn. The fourth (4<sup>th</sup>) craft drawn will be the alternate. The alternate will be used in the event one (1) of the first three (3) members cannot attend the WADRP hearing. A Forum member who cannot attend must give a twenty-four (24) hour notice.
- C. There will be no disqualification of Forum members.
- D. The Forum will select a Chairperson.

#### **SECTION 7. CRITERIA TO BE USED BY THE WADRP FORUM FOR THE RESOLUTION OF WORK ASSIGNMENT DISPUTES**

The criteria to be used by the WADRP Forum for the resolution of work assignment disputes shall be as follows: (**NOTE:** Raytheon inter-craft and individual intra-craft letters may be used as criteria.)

Primary consideration and the highest possible weight will be given to item A:

- A. Written jurisdictional work assignments by REECO, WADRP decisions, and International Jurisdiction Agreements between the crafts contained in the 10 Volumes.

Secondary consideration and lower weight will be given to items B and C:

- B. International Jurisdictional Agreements between the crafts; Local Jurisdictional Agreements between the crafts; Jurisdictional Memorandums between the crafts; Green Book decisions.
- C. Joint Board Decisions / Joint Arbitration Board Decisions if relevant and geographically limited to west of the Rocky Mountains and are consistent with the type of work being disputed.

Consideration for items D, E, F and G shall be lower than items B and C and shall be based on credibility, relevancy, and validity:

- D. Letters of assignment from other contractors; previous assignments off site (Multi Crafts).
- E. Side Letters from REECO given to the individual craft.
- F. Experience and Recollection of People involved in the dispute.
- G. Craft's own definition of their work.

Consideration for item H shall be weighted as indicated below:

H. Economy and Efficiency

Economy, efficiency, and safety will always be a consideration when making work assignments and/or when weighing jurisdictional disputes criteria. However, when the WADRP Forum is considering economy and efficiency as criteria it may be weighted differently, depending on the circumstances. See guidelines contained in Section 8.

**SECTION 8. GUIDELINES FOR USE OF ECONOMY & EFFICIENCY**

- A. Economy and efficiency are of primary concern and are essential criteria in insuring a sustainable future for the NNSS.
- B. There may be work assignments on a case-by-case situation wherein it is more economical or efficient to assign small portions of unforeseen, incidental work which is minor and insignificant to a craft already performing work in the area rather than stopping one craft from working to allow another craft to perform the incidental work which has historically belonged to them.
- C. At the request of Management, the WADRP Forum may consider the use of economy and efficiency as a determinant in their decision if the following conditions are met:
  - 1) The craft Union whose work is affected has been appropriately advised by Management and concurs with the decision.
  - 2) The work in question is incidental to a larger work operation.
  - 3) Management is not flagrant in their selection of the work to be considered.
  - 4) Trust and goodwill between the parties is not abused.
  - 5) Appropriate pre-planning of the work, on the part of Management, has been done.
  - 6) The situation occurs infrequently.
  - 7) The need to consider economy and efficiency is documented as to why and who was contacted.
  - 8) The consideration is done on a case-by-case basis.
  - 9) The assignment of incidental work to another craft does not set a precedent for future work assignments.

### **GRIEVANCE AND ARBITRATION PROCEDURE**

SECTION 1. A grievance shall be defined as a dispute regarding the interpretation and/or application of the provisions of this Agreement, filed by an authorized Union Representative on behalf of the Union or an Employee covered by this Agreement, alleging a violation of the terms and provisions of this Agreement. However, disputes specifically excluded in other Articles of this Agreement from the Grievance and Arbitration Procedure shall not be construed as within the definition set forth above.

**NOTE:** It is the intent of the parties to resolve grievances at the earliest step of this Grievance Procedure and to utilize the Federal Mediation and Conciliation Service (FMCS) whenever possible to minimize the need and expense of arbitration.

SECTION 2. All grievances shall be handled in the following manner:

Step 1) a) All potential grievances must be filed by email, fax, or in person within fourteen (14) calendar days 1) after the potential grievance first arises, or 2) the Union had knowledge of circumstances that gave rise to the grievance. Grievances shall be referred to the appropriate Union Steward, Business Manager, and/or authorized Union representative, and the responsible Labor Relations Representative.

b) If the potential grievance is not resolved within seven (7) calendar days, the potential grievance shall be reduced to writing, citing the Article and Section of this Agreement which has allegedly been violated, the facts surrounding the issue and the remedy sought, and referred to Step 2 of the Grievance and Arbitration Procedure.

Step 2) The written grievance must be submitted within ten (10) calendar days after the conclusion of Step 1. The grievance shall be referred for resolution by the appropriate Business Manager and/or their authorized representative to the Employer's Labor Relations Manager. A written response stating either the resolution and the reason(s) for same or the reason(s) for rejection will be required within ten (10) calendar days after receipt of the grievance in Step 2.

If a resolution is not reached in Step 2, the grievance may, by mutual agreement between the Union and the Employer, be submitted to Step 3 within ten (10) calendar days after receipt of the written response from Step 2. Otherwise, the grievance shall be advanced to Step 4.

Step 3) Upon mutual agreement by both parties, the FMCS, or other agreed upon party, may be asked to mediate the issue. If a resolution is not reached, then Step 4 of the Grievance and Arbitration Procedure will be followed.

a) The expense of mediation, including the cost of the mediator, and all necessary expenses for the hearing of the case, shall be borne equally by the Employer and Union or Unions involved.

Step 4) If a grievance is not resolved at the conclusion of Step 2 or Step 3, the Union may request arbitration within twenty-one (21) calendar days by delivering a written notice to the Employer of its intent to arbitrate the dispute. Within seven (7) calendar days after receipt of the notice to arbitrate, the Union will request from the FMCS a list of five (5) Arbitrators from which the Arbitrator shall be selected. Such selection shall be accomplished by the Union and the Employer striking one

(1) name each from the list, in turn, until only one (1) name remains. This remaining individual shall be the Arbitrator of grievance. The Arbitrator's decision shall be submitted in writing and shall be final and binding on all the parties to this Agreement. Nothing contained in this Agreement or any part thereof shall affect or apply to the Union in any action it may take against the Employer for failure to comply with any legally enforceable decision reached through arbitration.

The Arbitrator shall not have any authority to modify, amend, alter, add to, or subtract from any provisions of this Agreement.

- a) Upon availability of the FMCS Expedited Arbitration Procedure, the parties may agree to utilize, with mutual consent, the Expedited Arbitration process, on a case-by-case basis.
- b) The expense of arbitration, including the cost of the Arbitrator, and all necessary expenses for the hearing of the case, shall be borne equally by the Employer and Union or Unions involved.

SECTION 3. A grievance shall be considered null and void if not filed by the Union in accordance with the time limitations set forth above, unless the parties involved mutually agree, in writing, to extend the prescribed time limitations. Except for the above referenced, mutually agreed to extension of time limitations, the Arbitrator shall not have the authority to excuse a failure of either party to comply with the time limitations set forth above regardless of the reason given for such failure.

## ***ARTICLE 32***

### **INTERPRETATIONS COMMITTEE**

It is agreed and understood between MSTS and the Unions to this Agreement, that an Interpretations Committee shall be established as an integral part of this Agreement.

The Interpretations Committee shall be a cooperative Labor-Management Committee composed of five (5) representatives or designees and one (1) alternate appointed by MSTS and Union representatives or designees appointed by the President of the SNBTU. The Unions signatory to this Agreement and MSTS shall each designate a co-chairperson for the committee.

Whenever possible, the representatives appointed to this committee must have participated in negotiating the PLA.

The responsibility of the Interpretations Committee shall be to address and document the meaning, intent, and purpose of the PLA "boilerplate" contract language contained herein in a fair and consistent manner.

In the event a dispute arises over the meaning, intent, or purpose of the "boilerplate" contract language, any party signatory to this Agreement may request an interpretation be rendered by this committee. The rules and procedures governing the Interpretations Committee shall be established by the committee representatives and once established, shall become a part of this Agreement, by this reference.

In the event the meaning, intent, or purpose of any language contained in the individual Union's Appendix A is questioned and a clarification is required, the parties involved in the negotiations of the Appendix Articles shall meet and issue, in writing, an interpretation regarding the meaning, intent and purpose of the language.

## ***ARTICLE 33***

SECTION 2. Either the SNBTU or the Employer signatory hereto desiring to change or terminate this Agreement must notify the other parties at least sixty (60) days, but not more than ninety (90) days prior to the expiration date of this Agreement. Open negotiations discussions may take place early, by mutual agreement, with MSTS and the Unions.

If notification is given by either party in accordance with this paragraph, and the parties have been unable to reach agreement on provisions of a new Agreement prior to the expiration date, the Agreement shall continue binding on a day-to-day basis until a new Agreement is established. Either party may treat this Collective Bargaining Agreement as canceled after the expiration date by giving written notice of such intent to the other party.

An Apprentice may be removed from training at any period of apprenticeship for violation of any of the Trust's or Committee's rules, policies, and procedures including drug and alcohol testing policies. 3. There shall be a minimum length of training of 4,320 hours consisting of 4,000 hours of on-the-job training and 320 hours of related training, including classroom instruction. **J. BONDING PROVISIONS FOR TRUST FUNDS**

All Laborers Fringe Benefit Funds provided by this Agreement shall be jointly administered by Trustees designated equally between the Union and the Employers. The Union and the Association agree to make every effort to place an equal number of Employer Trustees from each Employer

group on all Trust Funds and/or Labor-Management Funds referenced in this Agreement.

Except as to Employers previously bound to an Association agreement who have not been substantially delinquent as defined by the parties to this Agreement, each Employer shall post and maintain a bond to ensure payment of contributions to the Fringe Benefit Funds set forth in this Agreement and remittance of dues check-offs and contributions to the Union. The minimum amount of the bond shall be determined by the number of hours of work covered by this Agreement performed by Employees of the Employer in the prior year. The minimum amount of the bond shall be as follows:

<u>Number of Hours Worked</u>	<u>Minimum Bond</u>
0 to 1,999 hours	\$ 5,000
2,000 to 4,999 hours	\$10,000
5,000 to 9,999 hours	\$20,000
10,000 to 19,999 hours	\$35,000
20,000 or more hours	\$50,000

In lieu of a bond or as a supplement to a bond, an Employer may, at the sole discretion and upon the sole consent of the Trustees of the Laborers Fringe Benefit Funds, furnish cash and/or collateral alternatives in satisfaction of this bonding requirement.

In the event the Trustees receive payment either on a bond or through forfeiture of a certificate or collateral alternative under this section of the Agreement and said payment is insufficient to satisfy the entire deficiency in the payment of contributions to the Fringe Benefit Funds set forth in this Agreement and in the remittance of dues check-offs to the Union, then the Trustees shall make a pro rata payment to each of the Fringe Benefit Funds set forth in this Agreement and to the Union in an amount equivalent to the percentage of the total deficiency received by the Trustees through forfeiture of the bond or the certificate of deposit.

All payments required to be made by each Employer to the Health and Welfare Fund, Pension Funds, Vacation Fund, Joint Apprenticeship and Training Fund, and Grievance and/Arbitration Industry Advancement Fund shall be conducted in accordance with the Labor Fringe Benefit Funds' Joint Collection Policy and Procedures, which is incorporated into this Agreement by reference. All amounts required as a result of delinquent payments shall also be governed by the Collection Policy and Procedures.

The Employers and the Union agree that in addition to all other rights and remedies provided for by this Agreement, the Union and/or the Laborers Fringe Benefit Funds shall notify the Association and any General Contractors that, upon reasonable belief, a signatory Employer is delinquent to the Laborers Fringe Benefit Funds. This notice may be in the form of a letter specifically related to the delinquent Employer or in the form of a delinquency list containing the names of all delinquent Employers.

Upon receipt of such notice the General Contractor shall withhold all further payments to the delinquent Employer, whether designated as retention money or otherwise, and upon proof satisfactory to the General Contractor shall pay over that money to the Funds until the entire delinquency for that job is cured. All signatory Employers hereby agree that payment to the Funds by a General Contractor under this clause shall constitute payment by the delinquent Employer to the extent of the amount paid.

The Employer agrees that in the event payment to the Funds by check results in the check being returned without payment, the Employer shall pay \$250.00 to the Funds. The Funds do not waive any right to any other liquidated damages to which they may be entitled.

The Union may withdraw Employees from any job to enforce payment of wages or contributions to the Laborers Fringe Benefit Funds for its direct Employees, or to enforce payment to the Union of Union dues already deducted from the wages of Laborers. The Union must provide five (5) business days' notice of its intention to remove Laborers from a job to the Employer by registered or certified mail. No damages of any kind or nature shall be awarded or allowed against the Union or any officer or member thereof by reason of the withdrawal of Employees from a job on which written notice has been given in accordance with this Agreement.

In the event that no workers are employed during a report period, a negative report and/or a final report shall be filed.

The books and records of the Employer shall be made available at reasonable times for inspection and audit by the accountants or other representatives of the Funds. The Employer shall retain, for a minimum period of six (6) years, payroll and related records necessary for the conduct of a proper audit in order that a duly designated representative of the Trustees may make periodic review to confirm that contributions owed pursuant to this Agreement are paid in full.

**K. LEAVE OF ABSENCE WITHOUT PAY**

An Employee covered by this Agreement may upon their request be granted a leave of absence without pay for a period of one (1) week or longer for the purpose of taking a vacation. However, if the same authorization covers dues, it shall continue in effect as to dues deductions unless revoked in accordance with Section 6.

SECTION 4. The Employer shall promptly mail to the Secretary-Treasurer of the Union a check made payable to the Union for the amount of dues or fees the Employer has withheld during the month involved in accordance with the above provisions. This check shall be accompanied by a list, in duplicate, containing the names of Employees and the amount deducted from each Employee's earnings. Upon receipt of such check and list, said Secretary-Treasurer of the Union shall sign one (1) copy of such list, acknowledging receipt thereof, and promptly return such signed list to the Employer.

SECTION 5. Nothing contained herein shall permit the deduction by the Employer of any assessments levied or established by the Union.

The aforementioned authorization directing the Employer to make the deductions provided for above, which was executed by the Employee, shall be irrevocable for the period of this Agreement or for one (1) year, whichever is the lesser and shall automatically renew itself for successive yearly or applicable agreement periods thereafter, whichever is lesser, unless the Employee gives written notice to the Employer and the Union by certified mail, return receipt requested, at least sixty (60) days and not more than seventy-five (75) days before any periodic renewal date, advising the Employer and the Union of that Employee's desire to revoke the authorization.

SECTION 7. It is recognized that the provisions of this Article are incorporated into this Agreement for the convenience of the Employees covered by this Agreement and who desire that their initiation and/or reinstatement fees or monthly dues be deducted from their earnings. It is expressly understood that once the Employee voluntarily executes an authorization, neither the Employer nor the Union shall be under any liability to any Employee signatory to such authorization with respect to the deductions provided herein.

Furthermore, the Union agrees that upon receipt of proper proof, it will refund to the Employer any Union dues, initiation and/or reinstatement fees erroneously or improperly withheld from an Employee's earnings by the Employer, which had been transmitted by the Employer to the Union.

SECTION 8. The Union agrees to indemnify the Employer and hold it harmless against any and all claims, suits, or other forms of liability that may arise out of any actions which have been requested by the Union in complying with the provisions of this Article.
