AMENDMENT NO. 05.

SUBJECT REQUEST FOR PROPOSAL No. RFP-0006513-26-CJ, DATED: February 05, 2026 FOR the purchase of Well Testing, Cleaning and Rehabilitation Services IS HEREBY AMENDED AS FOLLOWS:

1. *To include the following questions and answers:*
 - a) *Can the requirement for the Project Manager to have earned a bachelor's degree be substituted for a specific number of years of management experience?*
 - i. *Yes, experience could substitute for a bachelor's degree. We already require 5 years' PM experience, so an additional 4 years working in the field of well drilling and well rehabilitation could be a substitute.*
 - b) *Is there a preferred sequencing of events relative to which Well is designated for rehabilitation each year?*
 - i. *Yes, there is a preferred sequencing. This is due to the limited no. of wells supplying water to the NNSS. However, the buildup of the Task Order after award of the subcontract will be developed independent of the subcontract award. This will be a quantity of one for each line item.*
 - c) *Exhibit B – Statement of Work – Task 2 – Equipment Set-Up. The last item is “Generator and electrical switchgear necessary for the safe well rehabilitation pump operation”. Can the Subcontractor utilize the pumping equipment assigned to each well for the removal of rehabilitation fluids?*
 - i. *No, Supplier must provide their own pumping equipment.*
2. *All else remains unchanged.*

When submitting your proposal, please acknowledge receipt of this amendment by indicating on the Offeror's Proposal Letter the number of amendments.
