AMENDMENT NO. 01

SUBJECT REQUEST FOR PROPOSAL No. 0040970-27-VC, DATED: 9/10/2026 FOR the purchase of UCEP Integrated Cooling, Piping, Valve, and Instrumentation Systems Service IS HEREBY AMENDED AS FOLLOWS:

1. *To include the following Questions and Answers:*

Question No.	Question	MSTS Response
1	After initial review, it appears that the actual installation is not included in the current scope of work. Is this something that will be bid separately at a later date?	Correct, installation is not included in the current scope. Installation will be provided by internal MSTS craft personnel and therefore will not be bid separately at a later date. Per Exhibit B, the Subcontractor shall provide Technical Advisory Support. "Provide Technical Advisory Support: As requested by the CONTRACTOR, provide onsite technical advisory support to the MSTS installation team. This expert support is limited to verbal direction and guidance to ensure proper integration; it does not include physical "hands-on" installation work."

2. *All else remains unchanged.*

When submitting your proposal, please acknowledge receipt of this amendment by indicating on the Offeror's Proposal Letter the number of amendments.
